Town of Windsor

High Efficiency Toilet Rebate

List of Qualifying Toilet Models — Summer 2012

This list of EPA WaterSense Certified toilets is provided merely to determine eligibility for a rebate under the Town of Windsor's High Efficiency Toilet Rebate Program. Toilets must be EPA WaterSense certified at the time of purchase to qualify. Each WaterSense labled toilet meets Environmental Protection Agency standards for performance and water efficiency. WaterSense certified HETs use no more than 1.28 gallons per flush and achieve a Maximum Performance (MaP) Test score of 350 grams or better. MaP scores closely reflect how a toilet performs under "real world demand". For more information about MaP testing, visit *http://www.cuwcc.org/MaPTesting.aspx.* For the most up to date list of WaterSense certified toilets, or to find other WaterSense certified products, please visit:
