Commemorative Bench Program – Michael A. Hall Park

Windsor, California – On December 3, 2018, construction began on the renovation of the playground at Michael A. Hall Park. This project includes replacement and expansion of the existing play structure and installation of rubberized play surfacing surrounding the entire playground.

The playground renovation provides an excellent opportunity to participate in the Town's Commemorative Bench Program. There are four benches which surround the playground and swing area at the park. When a bench is sponsored through this Program, a new cast iron bench is purchased, and a custom plaque is installed allowing a donor to dedicate the bench. The cost to the donor includes the purchase and installation of both the bench and the plaque. Commemorative benches for Michael A. Hall Park are priced at \$3,500. There are other park amenities available through this program. For more information or to submit a request form, please visit the Town's website at <https://www.townofwindsor.com/962/Commemorative-Park-Amenity-Program> or contact Amanda Gray at 707-838-5382, or at agray@townofwindsor.com.
